

## ARIZONA FLOODPLAIN MANAGEMENT ASSOCIATION

FALL 2022 AFMA CONFERENCE

# STUDENT POSTER SESSION

THURSDAY, OCTOBER 27TH  
12:00P - 1:30P

Are you free for dinner on Thursday evening? Register a 3-student team to go head-to-head with professionals in a game of "Engineering Jeopardy" - No experience required. Dinner Included. [Click here to learn more.](#)

### POSTER SESSION REQUIREMENTS

### WHAT IS AFMA?

AFMA is a non-commercial, not for profit organization that provides local representation on a state-wide basis on floodplain management issues within Arizona. AFMA is a state chapter of the Association of State Floodplain Managers, providing members with a conduit to national level training, publications, and policy issues impacting the profession. We cooperate with other agencies with similar interests including the Federal Emergency Management Agency (FEMA), Arizona Department of Water Resources (ADWR) and the Arizona Division of Emergency Management (ADEM).

### WHO WILL YOU MEET?

Our conference is attended by approximately 150-200 professionals, from both the private and public sectors. They work in flood control and water resources, in a variety of roles from civil engineers and project managers, to hydrologists and floodplain administrators.

This is a great opportunity to meet, discuss, and network with professionals!
